

Important Information Regarding Assessment and Classification of Property
This may affect your 2020 property tax payments.

Notice is hereby given that the following is a schedule of the 2019 Boards of Appeal and Equalization and Open Book Meetings. The purpose of this meeting is to determine whether taxable property in the jurisdiction has been properly valued and classified by the assessor, and to determine whether corrections need to be made.

If you believe the value or classification of your property is incorrect, please contact your assessor's office to discuss your concerns. If you are still not satisfied with the valuation or classification after discussing it with your assessor, you may appear before the local board of appeal and equalization. The board shall review the valuation, classification, or both if necessary, and shall correct it as needed. Generally, an appearance before your local board of appeal and equalization is required by law before an appeal can be taken to the county board of appeal and equalization. You may appear before the Boards of Appeal and Equalization in person, through a letter, or through a representative authorized by you.
